Margot's best friend is red, walks on all fours, and wags! Just the name alone of this absolute mongrel tells a lot about his personality and explains why he is not really welcome at the Duchêne family home, who already lodge a cat and seven children. That is however not a problem for Margot and her clandestine friend who are not short of ideas for extraordinary adventures. Watch out! With them two, the fun has only just begun...

In this series

De l'orage dans l'air

Ça déménage !

Le lundi au soleil

Docteur Pupuces
