Being a space trucker may sound like a cool job, but in reality it can be boring as hell. So when recently widowed Gil gets a long-haul gig across the universe, he figures it's safe enough to bring his young son Kady along for the ride. But when their "big rig" gets bitten in half by a gigantic Space Leviathan, Gil is separated from his young son—with a breached suit that's venting oxygen

at an alarming rate. He'll have to defy the odds and stay alive long enough to rescue Kady. But Kady seems to be getting all the help he needs from a talking Space Monkey riding a Space Dolphin... or maybe it's the strange powers he's suddenly manifesting.
