This complete series in six volumes is a re-publication of the twelve already published books of "La Mémoire des arbres". The stories initially offered in two parts will be re-published in a new large format presentation offering a complete story in each volume. The forest, the countryside, the villages and their mysteries - whatever the period, the place or the characters, each episode of "La Mémoire des arbres" tells of the destiny, tragic or wonderful, epic or private and personal, of the marginalised, vagabonds, brigands, bandits and assassins, which life suddenly shakes, explodes and tears apart like a stormy sky.
