Superdupont rises out of the ashes through the timeless pen of Marcel Gotlib (hallowed be his name!) and the unstoppable François Boucq. The unique and truly French super hero is back, like a phoenix, to save France once again and to restore his country to greatness in a world going to the dogs. Superdupont's reboot gets a kick-start with the birth of his son who, astonishingly, has inherited the supernatural powers of his father. Perhaps together they can finally bring down the enemies of this wonderful country: finance and globalisation!
