Supermurgeman lives with his wife on an exotic island where a multinational corporation is trying to expand its empire by creating a fast food restaurant built between two palm trees. As his name suggests, Supermurgeman is a superhero. Of course he's invincible, thanks to a special brand of beer and an impressive arsenal: a flashlight, a multi-function Swiss Army knife, a tube of toothpaste, an old tire, and a box that moos like a cow (oddly, everything will come in handy — except the toothpaste). This clash of cultures — superhero meets corporate monopoly meets reality television show — is, needless to say, perfectly delightful.
