London, 1843. The whole city is abuzz. Everyone is getting ready for Christmas. Everyone except Elizabeth Scrooge, a hardnosed and heartless businesswoman, who hates the festive season with a passion. Neither her long-suffering employee nor her kindly niece manage to cajole her into the Christmas spirit.

But then one night, her late business associate Marley (who she had buried at very little expense) pays her a visit from the afterlife. He tells her that she will be visited by three spirits. These spirits have a difficult mission ahead: to transform the misanthropic Elizabeth Scrooge into a good person. How? By taking her back to her painful past...
