Make love and die in Neopolis!

The people of Neopolis have contracted a virus that makes all physical contact with the opposite sex fatal—and therefore illegal. Boys and girls are taught to hate each other and live on opposite sides of a wall. But all this is set to change, thanks to the creation of N-Dorphin, a revolutionary new drug. As a result, Kenzell and Lesya, dissidents from either side of the wall, will unwittingly find themselves engaged in a merciless clan war and will have to face a reality that is beyond their comprehension...
