1387. The time for the Renaissance has not yet come, but, already, the time of the Knights is ending. The real lords of medieval Europe are the bankers. Fiery, charming, sensual and as Italian as you can get, Vasco belongs to this powerful circle of financiers. In the name of his uncle, the wealthy banker Tolomei, he travels through this medieval world filled with poverty and conflict. Running for almost thirty years, Vasco has been one of the greatest historical series in the comic book world. Gilles Chaillet skillfully blends historical accuracy with complex drama, creating an enchanting portrait of an era that we still know so little about.
